Beginning March 21, 2021 | NOON - 1:30p  
Pre-register and secure your spot today!

[WWW.SHINEINMATH.COM](http://WWW.SHINEINMATH.COM)

# EMBRACE YOUR INNER ARTIST!

During this ongoing workshop, we will complete drawing and painting pieces with step-by-step instruction from one of our accomplished teachers.

During the class, students will draw in parallel with the instructor as she walks you through each step.

The focus of the virtual class will be on technique and practice.

You will listen to the teacher's voice while the drawings and paintings develop in front of us.

## Inspiring Academic Excellence for Every Student

Shine In provides specialized, interactive math, science, English language, test prep, summer, and private tutoring programs, clubs, and workshops for students from preschool through 12th grade. Give your child the academic advantage he or she deserves!
